Re: Government in the Sunshine Law Records Request

Dear Mr. Cooke:

This is a request under the Florida Government in the Sunshine Law, s. 286.011, F.S.

I respectfully request a copy of all documents containing the following information:

- As recently reported in the *Tallahassee Democrat*, “On Tuesday night, Gillum issued a statement acknowledging that emails had been sent from his city system that were ‘not officially government related.’” The statement came just hours after the *Tallahassee Democrat* and others reported on emails sent through web-based software purchased from NGP VAN, a company that provides technology to Democratic and progressive campaigns. I request copies of all emails sent from the Mayor’s office using the NGP VAN software that was purchased with taxpayer funds.
- I request copies of any and all emails located on the city’s email server that were sent to or are from anyone associated with an “@andrewgillum.com” email address.

I am willing to pay fees for this request up to a maximum of \$300. If you estimate that the fees will exceed this limit, please inform me first. Additionally, should there be a more appropriate office to satisfy this public records request, please forward this request to that individual or inform me of that office.

Thank you for your consideration of this request and prompt reply.

Sincerely,

Casey Dietrich
